Agenda

- 18:30-19:00: Welcome and Data Science Quiz
- 19:00-19:40: Talk “**Heat up the data: a data science use case for thermotechnology**” with **Tânia Correia (Bosch Termotecnologia)**
- 19:45-19:46: Group photo
- 19:46-20:00: Networking / Coffee Break and Beers An illustration of two yellow beer mugs with blue handles, clinking together. Above them is a small banner that says 'CONGRATULATIONS FOR SUCCESS'.
- 20:00-20:30: Talk “**Compression-based Machine Learning for DNA analysis**” with **Diogo Pratas (IEETA-UA)**
- 20:45 - Closing
- 21:00 - Dinner

Heat up the data: a data science use case for thermotechnology

Tânia Correia

BOSCH

Networking / Coffee Break

Compression-based Machine Learning for DNA analysis

Diogo Pratas

MEETUP #11

- Date: **24th May 2017**
- Time: **18h30-21h**
- Local: **UPTEC - Porto**
- Speakers and talks:
 - **Raquel Ribeiro (Feedzai)**
“Exposing fraud with machine learning”
 - **Claudio Rebelo (INESC TEC)**
“Discovering the unusual with Data Mining”

Other Events in the Area?

Lisbon Machine Learning School
<http://lxmls.it.pt/2017/>

European IoT Analytics Summit
<https://euroiota17.github.io/site/>

EPIA 2017

EPIA Conference on Artificial Intelligence
<https://web.fe.up.pt/~epia2017/>

VISION Understanding and Machine intelligence
<http://visum.inesctec.pt/>

HackerBuzz

O **Laboratório de Criação Digital** é um espaço dedicado à criatividade, experimentação e à colaboração multidisciplinar no domínio das artes digitais e multimédia com vista à criação, formação e investigação na intersecção entre a arte, ciência e tecnologia.
