Our mission

Data Science Portugal is an **informal community** of **data science enthusiasts**, with the main purpose of **sharing knowledge and experience** in the fields of Data Science, Machine Learning and Artificial Intelligence.

Since 2016, we have been fostering data scientists' networking by organizing more than **75 meetups, workshops** and **2 international conferences**.

Our Philosophy

- > DSPT promotes **knowledge sharing**
- > DSPT organizes **open events** for everyone
- > DSPT **breaks the barrier** between speaker and audience
- > DSPT promotes **networking** between data scientists

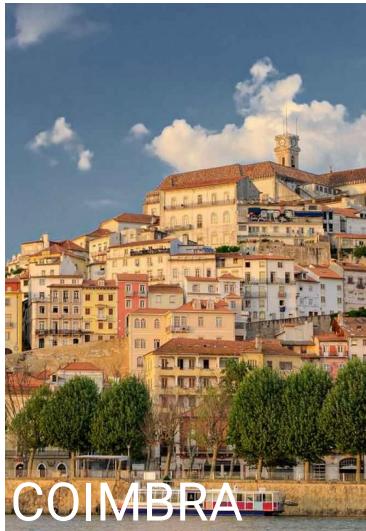

Our Philosophy

- > No bullshit
- > No selling
- > No shameless promotion
- > Sponsor != Stage
- > No hiring (on stage)
